

QUALITY GOALS
of Foundation faculty for the 2024–2025 academic year

Goal content	Indicators
<p>Work with students: early career guidance, the opportunity to convey information to every graduate about our university, about the possibility of receiving a state grant. Strengthening work on career guidance for educational programs that are in great demand in the Pavlodar region and with low Unified National Testing scores when receiving grants. Work with college students and college teaching staff: selection of basic colleges by faculties and in-depth work with them; a special approach to working with colleges that provide training in blue-collar jobs.</p>	Not less than 2500
<p>Work with undergraduate graduates of TOU - 2025 to attract them to the master's program. Organization of courses for bachelor's degree graduates upon admission to master's programs (for each educational program).</p>	Not less than 200
<p>Work with master's degree graduates to attract them to doctoral studies.</p>	Not less than 10
