M97 Management Analysis (Advanced Course) : Textbook /
A. Zh. Mussina. – Pavlodar : Toraighyrov University, 2025. – 117 p.

ISBN 978-601-345-645-4

The monograph Management Analysis (Advanced Course) is a comprehensive and structured presentation of the key aspects of analysis in the business management system. It covers both theoretical foundations and practical approaches, which makes it useful for students, undergraduates, doctoral students of economics and management specialties, as well as for specialists involved in the analysis and management of business processes.
